# 1005 HUNTER PRO GTX® RR

## USE:

Extreme level boot, for mountain hunting

## KEY FEATURES:

Extreme level boot, for mountain hunting on harsh and difficult terrains. Protective and sturdy. The GORE - TEX® Insulated lining guarantees considerable warmth. The Hydrobloc® Full Grain Waxed Leather provides excellent control of the internal microclimate. Zamberlan® Vibram® Darwin Wide last to give better comfort to wide feet . Rubber toe reinforcement to better protect from sharp rocks. The softer FLEX –SYSTEM junction on the ankle zone helps the foot rolling while hiking.

### MADE IN

ITALY

*This item has been hand crafted in ITALY by our expert workers to ensue a product of high quality and value.*

### UPPER

HYDROBLOC® FULL GRAIN WAXED LEATHER

*Premium choice full grain waxed leather with Hydrobloc® treatment for maximum protection to water.*

### LEATHER THICKNESS

2,4/2,6 mm

*Leather thickness*

### UPPER PROTECTION

R.R.S. "RUBBER REINFORCEMENT SYSTEM"

*A rubber reinforcement is applied to the upper for protection using an innovative and exclusive technical method developed by Zamberlan®. It ensures maximum abrasion resistance at high wear areas of the upper as well as enhancing water resistance and helping the boot to keep its shape during extended use.*

### HARDWARE

H.R.T. "HIGH RESISTANCE TREATMENT"

*All our hardware is designed to allow a smooth passage of the laces. D-rings and hooks receive the high resistance treatment to ensure maximum resistance to corrosion.*

### LINING

GORE-TEX® - INSULATED COMFORT

*An extremely waterproof and breathable micro porous membrane which can be used to make a lining in outdoor footwear. Its structural characteristics allow moisture from the foot to pass through but keep water out. GORE-TEX® - INSULATED COMFORT is ideal for cold conditions and outdoor winter activities.*

### FOOTBED

Z-COMFORT FIT

*Anatomically shaped removable footbed. It has a quick drying top hygienic polyester fabric layer, to wick away moisture and dry quickly, a latex foam and a bottom cushioning layer in expanded close cell PE. Good overall comfort and cushioning.*

### PADDING

Z.A.S. "ZAMBERLAN AIR SYSTEM"

*Zamberlan special construction and design method and choice of components to optimize the comfort and the boot breathability, thanks to a special padding foam. Boots crafted accordingly are extremely light weight and extremely more breathable!*

### INSOLE/SHANK

ZAMBERLAN Z-FLEX GT

*Zamberlan® Flex GT is our carefully graded polypropylene midsole specially designed and manufactured for GORE-TEX® lined boots. It offers good support while allowing good, tuned flex for natural movement of foot and a consistent flex pattern across all sizes.*

### TOE AND HEEL

THERMOPLASTIC

*The toe puff and heel counter are made from an extruded thermoplastic material which is pre-shaped on special machine. They provide excellent protection for the foot and help maintain a good shape in boot even after extended use.*

### SOLE PACKAGE

ZAMBERLAN® VIBRAM® DARWIN WL

*Exclusive Zamberlan® sole developed with Vibram®. Main features are: large contact toe and heel area for better grip and durability; big grooves for reduced debris build up and self cleaning action; large, multidirectional lugs specifically positioned for long wearing traction and stability; engraved shank for better grip on uneven ground; undercut heel for secure braking; dual density PU wedge to optimize cushioning; toe bumper for enhanced protection; rockered profile for easy toe off.*

### CONSTRUCTION

GTX BOOTEE

*The GORE-TEX® membrane is thermo-sealed sealed into a bootee that is then fixed to the boot upper. When the boot is lasted, the bootee is fixed to the midsole with a small quantity of glue.*

### WEIGHT (GRAMS)

870

*(Half pair size Euro 42 or US 8 Mns - size Euro 39 or US 7 Wms)*

### SIZES

EU 40-48 (incl. half sizes)

### CARE

HYDROBLOC® PROOFING CREAM

*We recommend regular treatment of the boots with the Hydrobloc® Proofing Cream, to maintain and enhance the performance of full grain leathers.*

### FIT

Z.W.L. - Zamberlan® Wide Last

*The Wide Last grants boots with a wider fit, ideal for those who have a wide ball and an extended overall volume. It features round toe, higher instep as well as a wider heel lock area and a roomier toe area to wriggle toes.*
